(PART TWO)

CONTRACT

25X1

The services and equipment being procured by this Contract No. RE-7300
Definitive are in furtherance of the OXCAR
Program(s), the nature of which cannot be publicly disclosed for security reasons. The Contracting Officer therefore determines that this procurement must be accomplished by negotiations pursuant to the authority of Section 3(a) of PL 81-110 and Class Determination and Finding, OXC 2122, signed by the DDCI on 15 October 1961.

Certification of funds for this contract will be handled under the procedure approved by the Director of Central Intelligence on 15 December 1956

The amounts in this account will be periodically scheduled for certification of the vouchers by the Director. This procedure eliminates the necessity for a separate certification of authority under Section 8(b) of Public Law 110, 81st Congress (formerly 10(b) - see 85-507 dated 7/7/58) for each contract.

The following comments describe the procurement hereby effected, the terms and provisions generally of this contract/amendment, and a resume of major issues negotiated:

This is a firm fixed price contract for the procurement of 3 each Sebit 36 M Data Modems and 4 each Sebit 48 M Data Modems from Rixon Electronics. This is the first OSA procurement from Rixon.

The three Sebit 36 Ms are to be delivered on a priority basis, i.e., 29 June 1967 at 10:00 a.m. The 4 Sebit 48 Ms are to be delivered on their normal delivery schedule. See OSA Memo, OXC-0865-67 authorizing funds, DX priority and overtime.

Security, OSA, cleared the way for immediate negotiation with [redacted] of Rixon. The contract was negotiated by phone for a total price of \$49,750 for the items and \$150 for overtime premium. A reduction in overtime of \$100 was negotiated from the original bid of \$250.

The items are proprietary and the prices quoted are catalogue prices. Rixon, by phone, certified that the prices are no higher than those charged any other Government Agency or favored customer. They are to furnish us with a catalogue listing for our file.
